

V2.1.0 updating instruction

1. The previous "Reset" option is separated to the version and reset two options in the current version.
2. The previous "Reset conformation" is changed to hint windows which means user would choose "Yes" option for resetting function, otherwise, "No" option is needless resetting function.
3. Adding English and German for both languages.
4. The background icon of the Wifi and hotspot is changed to single hue.
